

Press Release

Infrastrutture S.p.A. achieves ISO 9001 and OHSAS 18001 certifications

Milan, July 17th, 2013 - "Continuous Quality and Research Improvement, attention to the environment, occupational health and safety ". These are the cultural values that permeate the work of Infrastrutture S.p.A., which has chosen on a voluntary basis to implement a Quality Management System and Safety Management which led to the achievement of the certification in accordance respectively with ISO 9001:2008 and OHSAS 18001:2007 standards.

The certifications come at the conclusion of a careful verification activity, carried out by **Bureau Veritas** engineers, who established that the company complies with all the requirements for quality and safety regulations.

Pier Francesco Rimbotti , Giovanni Simoni and staff of Rome office

"We decided to adopt the highest quality and methodology standards - said **Pier Francesco Rimbotti** President and CEO of Infrastrutture Group - *implementing a Safety Management System and a Quality Management System that allows us to consolidate and strengthen our internal processes. We want to continue our leadership in terms of professionalism in this field where we play a leading role as well as in the third-party project management through Kenergia Sviluppo*".

Giovanni Simoni President of **Kenergia Sviluppo** adds: "*The adoption of international standards is important to offer our clients process monitoring with maximum security, along with the performance that comes from innovation and research in the Operation & Maintenance. Our goal is to achieve the ISO 9001:2008 certification for Kenergia Sviluppo in the next months*".

"Bureau Veritas is proud to have been chosen by Infrastrutture S.p.A. as a partner in the certification process according to OHSAS 18001:2007 standard" - adds **Diego D'Amato**, Certification Division Manager- "*For us it was a pleasure to work with a company that recognizes the importance of investing in the health and safety of workers, not limited to the obligations of the law, but making an extra effort and objectifying its own work, through a third-party certification*".
